Hello

As you will recall the parish of Cobham was awarded Silver gilt in the last two Britain in Bloom competitions. The parish was recently visited by the judge once again and our parish councillor, Rosemary Dymond tells us all about it below :

The Britain in Bloom Judge was Jim Buttress of BBC and Buckingham Palace gardening fame. He visited the village on Thursday 1st July and spent all afternoon walking through Cobham and Sole Street , noting the flower trough displays and those who had taken part in the Front of House competition . Wherever he went he noted the condition of the plants and displays but the other main focus was the involvement of the community in keeping the displays and village in good order . With that in mind he met some of the owners of the Front of House entries, also he spoke to some of the residents of Cobham College who showed him how they worked together to create and develop new allotment sites in their grounds and the shared planting of the Quadrangle . The Judge also met Sacha who with another village volunteer looks after and has improved the War Memorial grounds to make a very smart and impressive entrance to the village . He learnt of how there is one village resident who looks after the church's walled garden and Graveyard and how GBC had worked in partnership with Cobham and Sole Street to keep the streets swept and weed free .He noted the cleanliness of the village pump area and the freshly cleaned stone engraving behind it . Fortunately there was no litter discovered during the tour ! The competition results will be announced in early September and any certificates for silver gilt or gold will be awarded via a zoom ceremony a week after the results are announced , usually this has been at a special reception lunch in Brighton but this cannot happen this year due to Covid restrictions . The competition covers the whole country and is sponsored in the south east by Southern Water.

Fingers crossed!!

NORTH KENT EMBROIDERERS

Hello Everyone,

Our Zoom speaker this month was Emily Tull www.emilytull.co.uk Her talk entitled 'A Stitch in Time' was fascinating. Eighteen of us, including two new ladies, tuned in to Zoom to hear Emily giving us an overview of her career as a Stitch Artist whilst talking about what inspired her and her process. She says she is obsessed with faces!

Emily is based in Kent and uses her friends and family as models. We could see this in her piece entitled 'The Beard Crawls around on Your Face' which used a family member as the subject and focussed on nature and our relationship with it. Emily trained as an artist and she uses her stitches to paint the pictures in a remarkable way. Another topic dear to her is wildlife.

Her picture of an otter is stunning and so skilfully executed using different threads to produce the effect of fur and water. Emily told us that she only works on one piece at a time and apart from threads she uses a wide variety of materials including pizza bases and old netting. Despite us all being on Zoom, we could see the intricacy of Emily's work. Several people commented on the way she stitched so freely without a preset idea of which stitch would go where.

At the end of the session Emily kindly stayed on to answer our questions and to take part in some general discussion which was much enjoyed by our members.

[Kent Corona Quilt](#) – some of you may be interested in visiting Rochester Cathedral to see this quilt which has been designed and created by local artist Amber Rose. It contains the names of 88 people lost to Covid-19 in Kent. It is dedicated to these people and has been created to offer comfort to those left to grieve in isolation during lockdowns. Until September 1st.

If you would like to join us or just find out a bit more about us then please look at our website <https://northkentembroiderers.co.uk/> or email us at: info@northkentembroiderers.co.uk or contact our Chairman, Eileen Tuff on 01474 324734

How old

A young child asked a woman how old she was. She answered, "39 and holding."

The child thought for a moment, then wondered, "And how old would you be if you let go?"

Laugh

This morning I saw a neighbour talking to her cat and you could tell she thought the cat understood every word. I came back home and told my dog. We got a big laugh out of that.

A degree of normality has returned for Cobham Gardeners' Society.

During July, the society were hosted by Alexander Hunt, of Potash Farm, for an informative walking tour of the village of St Mary's Platt and his cobnut farm. The tour was rounded off with coffee and homemade cobnut short-bread in the farm's garden.

The next event in the Society's calendar will be an expert speaker talk at the Meadow Rooms on Wednesday 11th August, 7pm for 7.30pm. The talk by Caroline Halfpenny is on St John's Jerusalem, the Healing Garden, which is at Sutton at Hone.

The talk will look at the different areas of this tranquil and restful garden which provides an oasis for both visitors and the natural world. Caroline will share her knowledge of the wonders of the medicinal plants within the garden, as well as the calming herbaceous plantings carefully selected for colour, shape and form and the historically important orchard. Sharing the annual maintenance needs in a garden brimming with birds, bees, butterflies, dragonflies and many other wonderful wildlife wonders, we will acknowledge respect for the humble nettle and show how 'getting the balance' right, leads to a more florific and diverse garden environment.

Everyone welcome, society members free, non members £3.

In the meantime The RHS - Top 10 jobs for August

- 1 Prune Wisteria
- 2 Don't delay summer pruning restricted fruits
- 3 Deadhead flowering plants regularly
- 4 Watering! - particularly containers, and new plants, preferably with grey recycled water or stored rainwater

Want a coffee?

Drinking three cups of coffee a day is good for you. A recent study has found that it can cut your chance of dying from chronic liver disease by up to half.

On average, coffee drinkers seem to have a 21 per cent reduced risk of developing chronic liver disease, and a 49 per cent reduced risk of death from the condition. Researchers found that the optimum intake for health is three or four cups a day.

The results apply to all kinds of coffee, whether instant, ground, or decaf versions, although the instant is slightly less effective. This may be due to the lower levels in instant coffee of the liver-protecting chemicals kahweol and cafestol.

The study at the universities of Southampton and Edinburgh studied almost half a million Britons for a decade, to assess the link between coffee intake and health. The findings were published in the journal BMC Public Health.

Wooflo friends

I have been very achy lately my poor old legs are no longer as strong as they used to be, but my medicine helps and I still go for short walks and it is always lovely to see people who say hello and give my head a little rub! I think about what makes me happy and I have concluded that it is a smile from a friend when out walking,, the trees and plants that I sniff as I plod along each morning and a nice cool bowl of water on a sunny day. So even though things have changed for everyone recently life can still be happy and fulfilling even if it has to be a bit different.

The Transfiguration

On 6 August the Church remembers the Transfiguration of Jesus. The story is told in Matthew 17, Mark 9 and Luke 9. The mountain may well have been one of the three high spurs of Mount Hermon, which rises to 9,000 feet. Jesus was suddenly transfigured before Peter, James and John. His face began to shine as the sun, his garments became white and dazzling. Then Elijah and Moses appeared, but why? These two men represent the Law and the Prophets of the Old Covenant, or Old Testament. But both the Law and the Prophets found their true and final fulfilment in Jesus, the Messiah.
